David A. Bythewood (DB-2814)

Sincerely,

As a consequence of all of the above and the fact that your honor as this above referenced matter for an appearance this April 29, 2008, it is respectfully requested that the April 29, 2008, date be adjourned for at least a month. For the purpose of this adjournment the defendant agrees to waive speedy trial as before. Also, yesterday I did have a telephone conversation with A.U.S.A. Lee Renzini on this matter. He and I both concur with the need to adjourn this matter. Disorder.

I am the defense attorney for the above referenced defendant who is also under indictment in the Southern District of New York. The S.D.N.Y. judge is Judge Bianco. I am the defense attorney for the above referenced defendant who is also under indictment in the Southern District of New York. The S.D.N.Y. judge is Judge Bianco. As your honor may recall, this defendant has psychiatric issues which first were believed to be limited to Dissociative Fugue. She has now been diagnosed by Eric Plakun, M.D. with Dissociative Fugue and it appears that she also suffers from Dissociative Personality Disorder (a multipersonality disorder). Both of these issues have been among the subjects of motion practice before Judge Bianco. Her has now ordered that she undergo a competency test and, I believe, for that purpose she has now been transferred from MCC to Dr. Plakun will continue for the purpose of determining concerning the Dissociative Personality.
